President Jack opened the meeting with a pledge led by Tom Miller, followed by a moment of silence to reflect.

THE BELL IS BACK

Prior to breakfast, we were called to the parking lot. We were told it was a fire drill. There in the parking lot was a Chula Vista fire truck with Jack's bell! The crew, Captain John Bates, Engineer Lisa Kelly, and Firefighter Jed Burt, joined us for breakfast. They were called out before finishing their meal, but we all appreciated their participation. This event was headed by Art Garcia and assisted by Tom Miller and Dave Ruch.

GREEN MOMENT

Dave Rossi says that in his business he's either receiving stock or shipping items to customers. He reverses the boxes that his supplies come in. Also, a nearby shoe store disposes of many shoe boxes. Using these also helps in his recycling efforts.

RAFFLE

Art and Marta were the winners. Dr. E was absent.

PROGRAM

Another very interesting program. Where does Jeanne Kearly find these people? The speaker was Marlise Kast and the program was "The Life of an Undercover Tabloid Reporter." Marlise graduated with a degree in journalism thanks, in part, because of a scholarship from the Monterey Rotary Club. Marlise shared several anecdotes about life at the "Globe." Sneaking into William Shatner's wedding, streaking across an interview with Matt Lauer with a Globe banner while he was shooting a "Where in the World is Matt Lauer" episode. This was in Egypt. Marlise, the daughter of a minister, eventually became tired of the subterfuge, lies and exploitation and resigned after three years. She is now based in San Diego and freelances for conventional publications.

A great meeting from start to finish.
