PROGRAM:

Jeanne introduced Brian Turk of Kids Korps. The goal is positive youth development. A group of parents wanted to get their kids off video games and decided to go into the community and volunteer. They found there were very few opportunities for children to volunteer. They created Kid Korps to teach children to volunteer and with parents' and advisers' help to locate opportunities such as working at Senior Centers or volunteering to clean up the beaches. They currently have 60 chapters and 5,000 volunteers. Their motto is leaders for life. Volunteers are needed particularly in the South Bay. See Jeanne for contact information.

The District Governor's visit scheduled for November 15th will be rescheduled.
